MEMORANDUM

TO:	Board of Commissioners	
FROM:	Jeannine McCrumb, Compliance Specialist	
DATE:	August 10, 2023	
RE:	FY24 List of Approved Haulers	

On the following page is a list of commercial haulers who applied for and received a District Haulers License for FY24.

We license two types of haulers in the District: 1) commercial haulers who collect, transfer or transport materials for compensation and 2) self-haulers who collect, transfer or transport more than 12 tons of material in any given calendar month.

To date we have received 70 applications and approved all but 1 (awaiting updated truck information). Fifty of the 70 applicants are commercial haulers, and I've attached a table which lists their 'hometown' and services provided. We have 7 new commercial haulers this year; 5 of which provide bulk material transport and 2 providing residential curbside trash, recycling and food scrap pickup services. Curb Resource, one of the new curbside haulers, began operations last August. The other new curbside hauler is 'new' in ownership only. Gordon and Jody Russell, longtime owner/operators of Trashaway LLC out of Shelburne retired earlier this year after 23 years of service in Chittenden County.

Information pertaining to haulers and services can be found on our website (<u>https://cswd.net/pickup-services/</u> and <u>https://cswd.net/trash/special-haulers/</u>). Feel free to contact me with additional questions.
