Coventry Landfill

Coventry • (802) 334-8300

CSWD Drop-Off Centers

Various locations • (802) 872-8111

Drywall

Banned from landfill disposal by Act 175, Vermont's C&D disposal law, if:

- Project is within 20 miles of a facility that will recycle it, *and*
- Project is a commercial building OR a residential building with two or more units, *and*
- Project will generate at least 40 cubic yards of any mix of drywall, metal, asphalt shingles, clean wood, and/or OSB.

Banned Materials Fee

Any load of materials containing more than 10% of items that are banned from trash disposal will be subject to a penalty fee at the drop-off point.

Cardboard is a frequent cause of penalty. Cardboard (and other blue bin recyclables) must be kept separate from other materials for recycling.

How CSWD can help

Assistance in setting up waste reduction & recycling programs.

Signs for labeling containers and educating subcontractors & other staff about how to separate materials.

Sample bid specifications for subcontractors.

Sample waste management plan.

Advice on managing hazardous waste.

¹Cardboard and other mandatory recyclables must be kept separate from other wastes on the job site.

²Drywall is banned from the landfill by Act 175 for certain projects. See back panel for info.

³CSWD Drop-Off Centers accept small loads of material only (up to 1 cubic yard), subject to available space.

Hinesburg location does not accept C&D material.

⁴"Clean" means never having been painted, stained, treated, or glued (or taped/spackled for drywall).

⁵Architectural paint & stains in their original containers are also accepted at PaintCare locations: visit paintcare.com

! **Mandatory (blue-bin) recyclables** must be kept separate from landfill-bound waste on the job site:

CARDBOARD • PAPER • BOTTLES & JARS (PLASTIC, GLASS, METAL)
